AMERICA'S

First Family

OF MOTOR HOMES

Winnebago Puts Motor Home Leisure Living Within Every Family's Reach

Get new excitement, new enjoyment, new comforts, new luxury while traveling the highways and byways. Travel independently with a Winnebago Motor Home, the sales leader!

Go when you want, where you want, as you want . . . with every convenience and comfort of your own home. It's the free and easy way to travel . . . to go hunting, fishing, touring, or for leisurely retirement living.

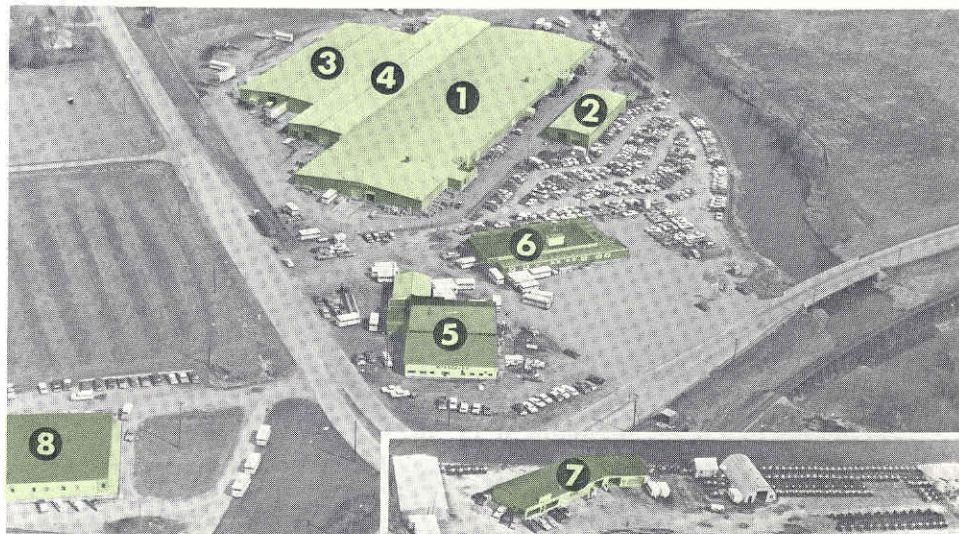

Here are just a few Winnebago leisure living features:

1. Styrofoam® insulated floors, walls, roof and doors
2. LP gas appliances—stove, oven, refrigerator
3. Hot and cold running water
4. Shower bath and lavatory
5. Flush toilets with waste-holding tanks
6. Roomy full length wardrobes
7. Wall-to-wall carpeting
8. Vinyl-covered washable carefree paneled interior
9. Brand name chassis with 5-year, 50,000 mile warranty
10. Four-way adjustable bucket seats for driver and co-pilot

By day or night a Winnebago Motor Home is a luxury traveling lodge . . . a fun place to lounge and watch the world roll by. Nap-time can come and go as the family travels at turnpike speeds. Mothers and grandmothers handle a Winnebago with ease, enjoy taking their turn at the wheel. There is no problem—Winnebagoes have automatic transmissions. Powerful motors melt away the miles.

Go with Winnebago—America's largest motor home manufacturer with more than 200 dealers coast to coast.

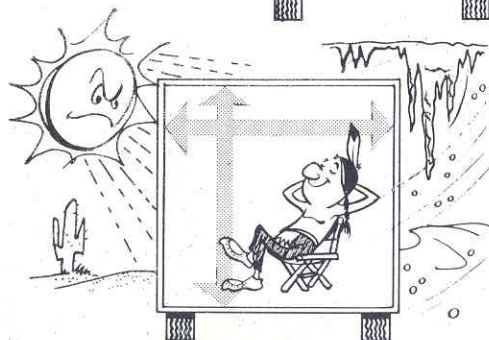

WINNEBAGO IS WORTH WAITING FOR!

Winnebago Motor Homes are manufactured in America's largest recreation vehicle factory. Designed and built especially for recreation vehicle manufacturing, this new modern facility gives assembly line efficiency while maintaining highest standards. (1) motor home assembly, (2) welding, (3) Thermo-Panel materials division, (4) travel trailers and pickup campers, (5) customer service, (6) fiberglass dept., (7) chassis service, (8) offices.

DON'T SHORT YOURSELF!

Winnebagoes give you up to 50% more usable overhead cabinet storage than a "cigar" design.

BEST INSULATED!

Winnebagoes with Thermo-Panel Construction are as well insulated as your refrigerator at home.

Winnebago Industries' THERMO-PANEL CONSTRUCTION

An Industry first!

The PROVEN sandwich panel

1. Prefinished aluminum
2. Styrofoam brand insulation
3. Interior pre-finished paneling

Winnebago's "Thermo-Panel Construction" is the original Styrofoam sandwich panel designed specifically for recreation vehicles. Many imitations have been attempted, but only Winnebago Thermo-Panel has been proven by millions of miles traveled by thousands of Winnebago recreation vehicles.

First Family MODELS D-24/D-27

Winnebago's 24' and 27' motor homes are ideal retirement travel homes, yet can offer large sleeping capacity where needed. The D-24 introduces rear bathroom floor plan and can sleep as many as eight persons in six beds if optional bunk beds are added. The D-27 has a rear twin bedroom with private entrance and an unmatched amount of storage including "his and hers" wardrobes. Wall-to-wall carpeting sets off the attractively paneled interiors. Forced air heat is ducted to all areas for year-around comfort. Provisions are made for accessories including air conditioning and power plant.

SPECIFICATIONS FOR D-24: length, 24' 5"; width, 7' 6"; exterior height, 9' 3"; interior height, 6' 5"; curbside weight, 7,515 lbs. Fuel tank, 25 gal.; water system, 36 gal. Sleeps 6.

SPECIFICATIONS FOR D-27: length, 27' 6"; width, 7' 6"; exterior height, 9' 3"; interior height, 6' 5"; curbside weight, 8,020 lbs. Fuel tank, 35 gal.; water system, 36 gal. Sleeps 6.
